

# Transistors

From very small EM3 type package to high power PSD package (the power dissipation is equivalent to TO-220,  $P_c=35W$ ) transistors.

## EM3 • UMT • SMT

Three types are available to allow the most suitable package depending on size specifications.

●Product Designation

- When ordering, specify the type.
- Check each code against the tables shown below.
- Fill a space with the next character.

Part No.

Special code

- Omit for standard product.
- Factory assigned for custom product.
